

CURRICULUM VITAE

ROBERT A. BLOUIN

Executive Vice Chancellor and Provost
The University of North Carolina at Chapel Hill
CB# 3000, 104E South Building
Chapel Hill, NC 27599-3000
email: bob_blouin@unc.edu

PROFESSIONAL EXPERIENCE

University of North Carolina at Chapel Hill

2003-2017 Dean, Bryson Distinguished Professor, UNC Eshelman School of Pharmacy
2014-2017 Director, Eshelman Institute for Innovation
2017-Present Executive Vice Chancellor and Provost, University of North Carolina at Chapel Hill

University of Kentucky

1978-1984 Assistant Professor, University of Kentucky, College of Pharmacy
Director, Clinical Pharmacokinetics Program, University of Kentucky Medical Center
1984-1989 Associate Professor, University of Kentucky, College of Pharmacy
1984-2003 University of Kentucky Graduate Faculty (Full Member)
1984-1989 Associate Director, Drug Product Evaluation Program
1985-2003 Member, Toxicology Graduate Faculty
1985-1988 Member of Core Faculty, Geriatric Education Center Grant
1986-2003 Member of Core Faculty, Lucille Parker Markey Cancer Center
1987-1988 Sabbatical, F. Hoffmann-LaRoche, Basel, Switzerland
1987-1998 Director, Clinical Pharmacology Program
1989-2003 Professor, University of Kentucky, College of Pharmacy,
Division of Pharmacology and Experimental Therapeutics
1994-1996 Director, Summer Minority Undergraduate Research Program in Clinical Pharmacology
1997-2003 Associate Dean for Research and Graduate Education
2001-2003 Executive Director - Economic Development and Innovations Management

ADMINISTRATIVE EXPERIENCE

Summary of Administrative Activities as Executive Vice Chancellor and Provost, The University of North Carolina at Chapel Hill (September 2017 – present): This position reports directly to the Chancellor. The Provost serves as the Chief Operating Officer and Chief Academic Officer of the university and works in unison with the chancellor to lead critically important pan-university initiatives. The Provost oversees a \$3.5B academic enterprise which includes \$1.1B in research expenditures (ranked #11 nationally) and is currently ranked fifth nationally in federal grants/contracts awarded. In addition to overseeing the academic activities of all fifteen schools and university libraries, the Provost has direct responsibility for the offices of the Vice Chancellor for Human Resources and Equal Opportunity and Compliance, Vice Chancellor for Information Technology and Chief Information Officer, Vice Chancellor for Innovation, Entrepreneurship and Economic Development, Vice Chancellor for Student Affairs, and Vice Chancellor for Research. The Provost also oversees the Office for Institutional Research and Assessment, Office for Interprofessional Education and Practice, Office for Operational Excellence, Office for Academic and Community Engagement, Office for Enrollment and Undergraduate Admissions, Office for Digital and Lifelong Learning, Office for UNC Global Affairs, Office of Diversity and Inclusion, Office for Academic Support for Student Athletes, and Academic Finance Office.

Notable achievements for the University of North Carolina at Chapel Hill during this past year include:

- First among 100 best US public colleges and universities that offer students high-quality academics at an affordable price for the 18th time (Kiplinger's Personal Finance magazine),
- Third best public university in 2020 Wall Street Journal/Times Higher Education College Rankings,
- Fifth best public University in US News & World Report's 2019 "Best Colleges" guidebook for the 18th year,
- Ninth best public University in Forbes' "America's Top Colleges 2018" rankings,
- First School of Medicine primary care program in US News & World Report's "Best Graduate Schools" 2020 edition,
- First School of Pharmacy in US News & World Report's "Best Graduate Schools" 2020 edition,
- Second School of Public Health in US News & World Report's "Best Graduate Schools" 2020 edition.

Summary of Administrative Activities as Dean at the University of North Carolina

Dean (July 2003 – 2017): This position reports directly to the Provost and serves as the primary Chief Executive Officer of the UNC Eshelman School of Pharmacy. The UNC Eshelman School of Pharmacy has experienced unprecedented growth in its research and education programs over the past fourteen years and is consistently ranked among the top academic pharmacy programs in the world. The School is currently ranked #1 by US News & World Report ranking US Pharmacy Schools, #1 by TFE Times ranking US Pharmacy Schools, #2 by US News & World Report ranking of Global Universities under the subject area of Pharmacology and Toxicology, and #10 by QS World University Rankings under the subject area of Pharmacy and Pharmacology programs. The School successfully launched an innovative satellite professional degree-granting program in Asheville, NC. The School's Educational Renaissance initiative has received critical acclaim throughout the pharmacy academic community and is being used as an exemplary education model on the UNC-CH campus and beyond.

Summary of Administrative Activities as Director of the Eshelman Institute for Innovation (December 2014 – present):

This position reports to the Steering Committee of the Eshelman Institute for Innovation, a school-based center of the UNC Eshelman School of Pharmacy. As with all centers and institutes at the University of North Carolina at Chapel Hill, this center is also subject to University and Board of Governors oversight. The Institute was established to accelerate the creation and development of ideas leading to discoveries and high impact changes in education, research and health care. On December 3, 2014, the University of North Carolina at Chapel Hill announced a \$100 million commitment from Dr. Fred Eshelman, the largest gift from an individual in the history of the university, to create the Eshelman Institute for Innovation at the UNC Eshelman School of Pharmacy.

Summary of Administrative Activities at the University of Kentucky

Associate Dean for Research and Graduate Education (1997 – 2003): This position reported directly to the Dean of the College of Pharmacy and served as the primary College interface with the Vice President for Research (University of Kentucky) and Associate Vice President for Research and Graduate Studies (A.B. Chandler Medical Center). During this period, the College of Pharmacy made significant progress in securing competitive research funding, nearly tripling its grant and contract portfolio from federal and industrial sponsors. The College was the first in the country to launch a graduate program in the clinical pharmaceutical sciences (1987); a program that remains a model among pharmacy programs across the country. In addition, the College of Pharmacy emerged as a campus leader in the creation of intellectual property and company spin-offs. The Office of the New Economy (direct report to the Governor of the Commonwealth of Kentucky) worked very closely with the College of Pharmacy and supported the development and construction of the Center for Pharmaceutical Science and Technology. This facility became a cornerstone in the University of Kentucky's Coldstream Research Campus.

Executive Director of the Office for Economic Development and Innovations Management (2000 – 2003): This position reported directly to the Dean of the College of Pharmacy and served as the College of Pharmacy representative in all issues external to the University of Kentucky relating to matters of economic development of the pharmaceutical sciences. Interactions primarily consisted of working with the Kentucky Commissioner of the Office for the New Economy (Frankfort, Kentucky), Kentucky Council on Postsecondary Education (Frankfort, Kentucky), Kentucky Economic Development Authority (Frankfort, Kentucky), Lexington Chamber of Commerce (Lexington, Kentucky), Kentucky Science and Technology Corporation “The Innovation Group”, and Lexington United (Lexington, Kentucky).

Director, Clinical Pharmaceutical Sciences Graduate Training Program (1987 – 1998): This position was responsible for the creation and development of a graduate training track at the Ph.D. level in the Clinical Pharmaceutical Sciences at the University of Kentucky College of Pharmacy. This program was the first of its kind and has since trained over 30 graduate students to date who have pursued careers in academia, industry, and government.

EDUCATION

Bachelor of Science: Massachusetts College of Pharmacy and Health Sciences
(Pharmacy) Boston, Massachusetts

Doctor of Pharmacy: College of Pharmacy
University of Kentucky
Lexington, Kentucky

Residency: University of Kentucky Medical Center
Lexington, Kentucky

Awarded: Doctor of Laws *honoris causa* from Monash University
Melbourne, Australia

TEACHING ACTIVITY

PRIMARY RESPONSIBILITIES:

PHR 875 Clinical Pharmacokinetics
PHR 760 Special Problems
PHR 895 Independent Problems
PHR 848 Pharmacy Practice III
PHR 947 Applied Biopharmaceutics and Pharmacokinetics - Primary Responsibility
PHR 760 Introduction to Clinical Pharmacology

SECONDARY RESPONSIBILITIES:

PHR 876/878 Advance Pharmacotherapeutics
PHR 868 Pharmacotherapeutics
PHR 802 Pharmaceutics
PHR 884 Pharmacy Practice Clerkship
TOX/PAT 660 Clinical Toxicology and Drug Monitoring
PAT 821 Laboratory Medicine Case Studies
PHR 870 Clinical Orientation Clerkship
PHR 612 Advanced Pharmacokinetics
PHR 770 Proseminar in Toxicology
TOX 680 Advanced Toxicology
PHA 663 Drug Metabolism and Disposition

ADVISING ACTIVITY

GRADUATE STUDENTS

	<u>Student</u>	<u>Role</u>
1978-1983	Kim Rowse Brouwer	Co-Advisor
1984-1988	Philip Dickson (Toxicology)	Advisor
1986-1989	Inder Chaudhary (Toxicology)	Advisor
1987-1991	Philip Colangelo	Advisor
1988-1993	Steve Toler	Advisor
1989-1993	Somsong Tuntaterdtum (Toxicology)	Advisor
1988-1993	Peter Zannikos	Advisor
1988-1994	Karen Nishihara	Advisor
1992-1997	Ming Lu	Advisor
1993-1997	Amy Roe (Toxicology)	Advisor
1995-1997	Lihong Peng	Co-Advisor
1994-1999	Kevin Rockich	Advisor
1996-1999	Graham Warren (Toxicology)	Advisor
1996-1999	Samuel Poloyac	Advisor
1998-2002	Peter Van Ess	Advisor
1982-1984	William Fiske	Dissertation Committee Member
1982-1986	Kenneth Brouwer	Dissertation Committee Member
1983-1986	Scott Hamann (Toxicology)	Dissertation Committee Member
1983-1988	Sabah Akrawi	Dissertation Committee Member
1985-1990	Roxanne Jewell	Dissertation Committee Member
1986-1991	Hussein Hallak	Dissertation Committee Member
1987-1991	Mary Freeman (Chemistry)	Dissertation Committee Member
1988-1990	Yolanda Poppell	Dissertation Committee Member
1988-1990	Neil Hoglen (Toxicology)	Dissertation Committee Member
1989-1992	Renli Teng	Dissertation Committee Member
1990-1997	Richard Page	Dissertation Committee Member
1991-1996	David Burgio	Dissertation Committee Member
1992-1997	Naresh Punwani	Dissertation Committee Member
1992-1994	James Meece (Toxicology)	Dissertation Committee Member
1992-1995	Ujjwala Samant	Dissertation Committee Member
1992-1995	Sujatha Thampi (Toxicology)	Dissertation Committee Member
1992-1996	Cheach Yee Oo	Dissertation Committee Member
1992-1997	Yinzi Tang	Dissertation Committee Member
1993-1997	Greg Oakley (Toxicology)	Dissertation Committee Member
1995-1997	William Allan Rees (Toxicology)	Dissertation Committee Member
1996-2002	Mathew Cooper (Toxicology)	Dissertation Committee Member
1996-2003	Philip Gerk	Dissertation Committee Member
1997-2001	Brian Laden	Dissertation Committee Member
1998-2002	Gerome V. Burke	Dissertation Committee Member
1998-2002	Jane Alcorn	Dissertation Committee Member
1998-2002	Nilufer Tampal (Toxicology)	Dissertation Committee Member
1999-2002	Leigh Verbois	Dissertation Committee Member
1999-2000	Chris Cunningham	Dissertation Committee Member
2001-2007	Philip Empey	Dissertation Committee Member

POST-DOCS AND VISITING SCIENTISTS

1985-1987	Mary H.H. Chandler	Post-Doctoral Fellow - Pharmacokinetics
1987-1989	Deborah A. Smith	Post-Doctoral Fellow - Pharmacokinetics
1989-1990	Ye Songbai	Visiting Scientist - Pharmacology

1989-1991	Inder Chaudhary	Post-Doc. Fellow - Pharmacokin./Toxicol.
1990-1991	Bettina L. Hamelin	Post-Doctoral Fellow - Pharmacokinetics
1991-1993	Beth Israel	Post-Doctoral Fellow - Pharmacokinetics
1989-1993	Abhik Bandyopadhyay	Post-Doctoral Fellow - Molecular Biology
1996-1998	Angela Watson	Post-Doctoral Fellow - Toxicology
1999-2000	Asad Abrahamian	Post-Doctoral Fellow – Toxicology

PROFESSIONAL SERVICE CONTRIBUTIONS

1983-84	SIG on Clinical Pharmacokinetic Practice - Chairman
1983-91	ASHP Research and Education Foundation's Selection Panel for the Fellowship in Clinical Pharmacokinetics
1988-90	Member - ASHP Council on Professional Affairs
1989	Member - Astra Clinical Pharmacy Research Award, Grant Selection Committee
1989	Alternate Member - ASHP Foundation Advisory Committee
1989-90	ACCP Research Affairs Committee
1990	VA Merit Award Reviewer
1990-95	USP Advisory Panel on Geriatrics
1990-92	University of Pittsburgh College of Pharmacy Advisory Committee
1990	ASHP Committee on Guidelines for Research Presentation at SPG Meetings
1991	Advisor, Geriatric Pharmacy Institute, Philadelphia College of Pharmacy
1991-92	ASHP Foundation Strategic Planning Team
1992-94	Elected, ACCP Research Institute Trustee
1992	VA Merit Award Reviewer
1995	Participation in Glaxo/AACP New Dean's Leadership Institute

1998	Participation in the University of Kentucky Leadership Certificate Course
1999	Scientific Reviewer - Indiana 21 st Century Research and Technology Fund
2000	BIO2001 Conference: Biotechnology Kentucky
2000	BIO2001 Conference: Planning Committee
2000	IDeA Workshop: Planning Institutional Grant Submission
2000-03	ACCP Research Institute Trustee
2001-02	ACCP Strategic Planning Committee
2001-03	ACCP Research Institute Fellowship Task Force
2004	Chair, State Employees Combined Campaign (SECC)
2004	NIH Road Map Committee, Member
2005	Administrative Review of the Position of Vice Chancellor for Finance and Business (Chair)
2005	External Advisory Board, Massachusetts College of Pharmacy and Health Sciences
2006	AACP Research & Graduate Affairs Committee
2006	IHI Health Professionals Education Collaborative
2006	AACP Task Force on Clinical Sciences – T1, Chair
2006	Participation in PharmD Pathways to Biomedical Research
2007	ACPE Rutgers Site Visit Team
2007	University of North Carolina CTSA Advisory Committee (present)
2007	Texas Tech Site Visit Team
2007	AACP Educating Clinical Scientists Task Force – T2
2007	University Cancer Research Fund Governance Board (present; legislative mandate)
2008	University of Wisconsin Institute for Clinical and Translational Research External Advisory Committee
2008-2017	AACP-ALFP (Dean mentor)
2009	University of North Texas Feasibility Committee for a New School of Pharmacy (Chairman)
2009	Co-founder: Infoporte Solutions – Software development company supporting academic institutions human resource, business and finance, and grant and contract business needs. First launch of Infoporte™ occurred in the summer of 2009 at The University of North Carolina at Chapel Hill.
2011	Good to Great at Carolina: A Conversation with Chancellor Emeritus James Moeser http://www.youtube.com/watch?v=s7DfDEkyNDo
2012-present	Frank Hawkins Kenan Institute for Private Enterprise Advisory Board (UNC)
2012	Harvard Macy Institute: Program for Leading Innovations in Health Care and Education, Harvard Medical School, June 10-15, 2012
2012-2014	AACP Research and Graduate Affairs Advisory Committee (Chairman)
2013-2017	Advisory Board for the University of North Texas College of Pharmacy
2013-2017	ACCLAIM Program Retreat Leadership Panel (UNC)
2013-2017	AACP Chair-Elect Council of Deans
2013-2014	AACP-ACPE Standards Revision Committee
2013-2014	AACP Chalmers Award Review Committee
2014	AACP Strategic Planning Committee
2015-2017	AACP Member of Board of Directors
2015-2017	Structural Genomic Consortium Board (Representative Member)
2016	Macy Conference Planning Committee

HONORS/AWARDS

University of Kentucky Pharm.D. Resident Impact Award
University of Kentucky Rho Chi Pharmacy Honor Society
Fellow - American College of Clinical Pharmacy - 1991
University of Kentucky College of Pharmacy Outstanding Second Year Professor Award - 1997
University of Kentucky College of Pharmacy B.Sc. Senior Class Award - 1997
University of Kentucky College of Pharmacy Doctor of Pharmacy Senior Class Award - 1997
University of Kentucky College of Pharmacy Outstanding Second Year Professor Award - 1998
University of Kentucky College of Pharmacy Doctor of Pharmacy Senior Class Award - 1998
University of Kentucky College of Pharmacy Doctor of Pharmacy Senior Class Award - 1999
University of Kentucky College of Pharmacy Outstanding Second Year Professor Award - 2000
University of Kentucky College of Pharmacy Doctor of Pharmacy Senior Class Award - 2000
Fellow - American Association for Pharmaceutical Scientists - 2001
University of Kentucky College of Pharmacy Doctor of Pharmacy Senior Class Award - 2002
2003 - University of Kentucky, Paul F. Parker Award
2007 - The 11th Annual Michael J Ordman Memorial Lecture, Massachusetts College of Pharmacy and Health Sciences
2009 - University of Tennessee's First Tennessee Chair of Excellence Distinguished Visiting Professor
2009 - University of Kentucky's Rho Chi Lecturer
2011 - Massachusetts College of Pharmacy's Rho Chi Lecturer
2012 - Ohio State University's Rho Chi Lecturer
2012 - Milap Nahata Distinguished Lecturer Award, Ohio State University
2013 - Krantz Lecturer, University of the Sciences, Philadelphia, PA

2015 - Graduation Speaker – University of California at San Diego Skaggs School of Pharmacy and Pharmaceutical Sciences
2015 - University of Kentucky College of Pharmacy Hall of Distinguished Alumni Award
2015 - NCAP Blanton Award for Pharmacy Contributions in North Carolina
2016 - University of North Carolina General Alumni Association Faculty Service Award
2016 - University of Michigan’s Dean’s Leadership Series Lecturer
2016 - ACCP Parker Medal Award
2017 - Robert G. Leonard Memorial Lecture Award, University of Texas at Austin
2017 - Barry L. Reed Distinguished Lecturer, Monash University, Melbourne, Australia
2017 - Awarded – Doctor of Laws *honoris causa* from Monash University, Melbourne, Australia
2018 - Thomas S. Foster Award, University of Kentucky

GRANT ACTIVITY:

Industrial/Institutional Grants:

1. The Effect of Positive End Expiratory Pressure on the Total Body Clearance of Theophylline in Dogs; BRSG (College of Medicine), University of Kentucky; November 1977; (Co-investigator), \$1,900.
2. Major Research Equipment Fund; UKRF, University of Kentucky; October 1978; (Principal investigator), \$4,600.
3. Bioavailability and Safety Evaluation of Theophylline Sodium Glycinate; Merrell-National Laboratories; October 1978; (Co-investigator).

4. Aminoglycoside Pharmacokinetics in Obese Patients; UKRF, University of Kentucky; January 1979; (Principal investigator), \$1,700.
5. Pharmacokinetics of Tobramycin in Morbidly Obese Patients; Eli Lilly Co.; May 1978; (Principal investigator), \$1,000.
6. Pharmacokinetics of Amikacin in Morbidly Obese Patients; Bristol Lab; January 1979; (Principal investigator), \$1,200.
7. Evaluation of the Disposition of Theophylline in the Elderly; Sanders Brown Aging Grant, University of Kentucky; April 1979; (Principal investigator).
8. Evaluation of the Pharmacokinetics of Doxorubicin in Liver Disease; American Cancer Society Institutional Grant; November 1980; (Co-investigator), \$4,800.
9. Evaluation of Amikacin Pharmacokinetics During Pregnancy; UKRF, University of Kentucky; November 1980; (Principal investigator), \$2,800.
10. Evaluation of Obese Animal Model; BRSG (College of Pharmacy), University of Kentucky; September 1981; (Principal investigator), \$2,400.
11. Acute and Chronic Effects of Right Ventricular Dysfunction on Hepatic Drug Elimination; BRSG (College of Medicine), University of Kentucky; November 1981; (Co-investigator), \$5,000.
12. Obese Rat Model: Physiologic/Pharmacokinetic Implications; Kircher Fund; January 1982; (Co-investigator), \$5,000.
13. Obese Rat Model: Physiologic/Pharmacokinetics Implications; Incentive Award, University of Kentucky; February 1982; (Principal investigator), \$1,000.
14. Hibernation Induction Trigger: Physiologic Effects in the Rat; UKRF, University of Kentucky; November 1982; (Principal investigator), \$2,538.
15. Chemical and Physiological Characterization of a Hibernation Induction Trigger; BRSG (College of Medicine), University of Kentucky; February 1983; (Co-investigator), \$2,000.
16. Tobramycin Bioequivalence in the Eye; Alcon Laboratories; October 1983; (Co-investigator), \$6,000.
17. Estrogen Disposition in Obesity-A Link to Cancer; UKMC; October 1984; (Co-investigator), \$5,500.
18. Formation and Inactivation of Highly Reactive Intermediate Metabolites in Obesity; UKMC; October 1984; (Principal investigator), \$4,500.
19. Estrogen Disposition in Obesity-A Link to Cancer; UKMC Major Research Equipment; November 1984; (Co-investigator), \$8,500.
20. Dose-Bioavailability Relationship of PN200-110 in Healthy Male Volunteers; Sandoz Pharmaceuticals; November 1984; (Co-investigator), \$31,589.50.
21. Bioavailability and Pharmacokinetic Evaluation of Neptazane Tablets; Lederle Laboratories; October 1984; (Co-investigator), \$75,110.
22. Bioavailability Study of BW825C, Burroughs Wellcome; April 1985; (Co-investigator), \$49,364.

23. Evaluation of the Bioavailability of Two Strengths of PN200-110; Sandoz Pharmaceuticals; April 1985; (Co-investigator), \$52,535.
24. Levothyroxine Bioavailability: In Vivo Comparison, Flint Laboratories; November 1984; (Principal investigator), \$62,829.
25. The Effects of Renal Function on the Disposition of PN200-110, Sandoz Pharmaceuticals, April 1985; (Principal investigator), \$93,528.
26. The Effects of Liver Cirrhosis on the Disposition of Flurbiprofen, The Upjohn Co., April 1985; (Principal investigator), \$40,000.
27. The Disposition of RO10-9359 and RO10-1670 in an Obese Rodent Model; Hoffmann-LaRoche; September 1985; (Co-investigator), \$16,000.
28. Protein Binding of the Aldose Reductase Inhibitor AL1576; Alcon Pharmaceuticals; June 1985; (Co-investigator), \$13,800.
29. Extended Multiple-Dose Safety and Pharmacokinetic Study of BW207U and Placebo in Normal Male Volunteers; Burroughs Wellcome; August 1985; (Co-investigator), \$126,514.
30. A Pilot ViskinR Elan 7 Capsule Bioavailability Study in Fasted and Non-Fasted Healthy Male Volunteers; Sandoz Pharmaceuticals; April 1986; (Co-investigator), \$40,615.
31. Dextromethorphan-Mephenytoin: Influence of Co-Administration on Patient Phenotyping; Bristol Laboratories; April 1986; (Co-investigator), \$12,500.
32. Influence of Oxidative Phenotype on Midazolam Disposition; Hoffmann LaRoche; June 1986; (Co-investigator), \$20,010.
33. Population Screening for Deficiencies in Oxidative Drug Metabolism; UKMC; October 1986; (Co-investigator), \$6,000.
34. The Influence of Aging on the Stereoselective Disposition of Model Racemic Drugs; UKMC; October 1986; (Principal investigator), \$6,743.
35. Protocol to Evaluate the Bioavailability of Two Dosage Forms of TI211-950 Relative to a Reference Solution in Healthy Male Volunteers; Sandoz Pharmaceuticals; September 1986; (Co-investigator), \$77,000.
36. Evaluation of a Computer Software System for the Prediction of Serum Digoxin, Quinidine, Theophylline, and Aminoglycoside; Abbott Diagnostics; October 1986; (Principal investigator), \$8,000.
37. Population Screening for Deficiencies in Oxidative Drug Metabolism; Bristol Laboratories; October 1986; (Co-principal investigator), \$22,540.
38. A Bioequivalence and Safety Study of Vancomycin in Normal Adult Male Volunteers; Lyphomed Labs.; May 1987; (Co-investigator), \$47,822.
39. Response of Cardiac Beta Receptors to Propranolol Stereoisomers in the Elderly; BRSG; May 1987; (Principal investigator), \$5,000.

40. The Single Dose Pharmacokinetics of Nefazodone in Extensive and Poor Metabolizer of Dextromethophan; Bristol Laboratories; September 1987; (Principal investigator); \$33,833.
41. Pulmonary Function in Elderly: Response to Theophylline Brochodilation; UKMC; October 1987; (Co-investigator), \$5,000.
42. Age and Verapamil Stereoselective Disposition; Sandoz Foundation for Gerontological Research; November 1987; (Co-investigator), \$25,720.
43. Absolute Bioavailability and Disposition of Fleroxacin in Healthy Subjects and Patients with Liver Cirrhosis; Hoffmann-LaRoche; July 1988; (Principal investigator), \$102,000.
44. The Effect of Antacids on the Absorption of Lomefloxacin; G.D. Searle and Co.; October 1988; (Co-investigator), \$65,000.
45. Age and Propranolol Enantiomeric Kinetics and Dynamics; UKMC Major Equipment Grant; January 1989; (Principal investigator), \$13,965.
46. Evaluation of the Plasma Protein Binding of U-74006F; The Upjohn Co.; March 1989; (Co-investigator), \$49,611.
47. Neonatal Phenobarbital Imprinting in Humans: Effect on the Cytochrome P-450 System; BRSG; May 1989; (Principal investigator), \$5,000.
48. A Bioavailability Study of ANSAID (Upjohn) vs. Apo-Flurbiprofen (Apotex) in Normal Adult Male Volunteers; PTRL(Apotex); August 1989; (Co-investigator), \$39,878.
49. The Effect of Renal and Liver Disease on the Serum Protein Binding of Flurbiprofen (Prospective); The Upjohn Co.; January 1990; (Principal investigator), \$35,650.
50. The Effect of Renal and Liver Disease on the Serum Protein Binding of Flurbiprofen (Retrospective); The Upjohn Co.; June 1990; (Principal investigator), \$20,125.
51. The Effect of Obesity on the Disposition of Fleroxacin; F. Hoffmann LaRoche; July 1990; (Principal investigator), \$38,525.
52. Hydrolysis of Cefetamet Pivoxil in Gastric Juices; F. Hoffmann-LaRoche; July 1990; (Principal investigator), \$20,700.
53. Age and Stereoselective Kinetics/Dynamics of Terbutaline; Astra Clinical Pharmacy Research Award; July 1990; (Co-investigator), \$7500.
54. Regulation of Drug Metabolizing Enzymes: Use of Immunoblotting Techniques; UKMC Research Fund: December 1990; (Co-investigator), \$20,000.
55. Major Equipment Grant: Beckman Optima XL-90 Ultracentrifuge Plus Rotors; UKMC Research Fund: April 1990; (Co-investigator), \$71,100.
56. Major Equipment Grant: Packard 1900 TR Liquid Scintillation Analyzer; UKMC Research Fund; February 1992; (Co-Investigator), \$19,208.
57. Major Equipment Grant: Shimadzu UV160 UV-Visible Recording Spectrophotometer with Super Micro Cell Holder; UKMC Research Fund; February 1992; (Co-Investigator), \$8,845.

58. Major Equipment Grant: Tissue Culture Laboratory Equipment; UKMC Research Fund; February 1992; (Co-Investigator), \$8,726.
59. The Effect of Cl284,846 on the Hepatic Cytochrome P-450 Mixed Function Oxidase System; American Cyanamid Co.; July 1992; (Principal Investigator), \$29,336.
60. Mechanistic Toxicity Study of Geriatric I. Cl275,838 for Three Months in Rats and Mice; American Cyanamid Co.; October 1992; (Principal Investigator), \$45,478.40.
61. Upper Aerodigestive Tract CA: Role of Cytochrome P450, UKMC Research Fund; April 1993; (Principal Investigator), \$12,000.00.
62. Mephenytoin Phenotyping Assay; Wyeth-Ayerst Clinical Pharmacology Laboratories; January 1994; (Principal Investigator), \$7,174.40.
63. Pharmacokinetics of venlafaxine in Extensive and Poor Metabolizers of Dextromethorphan; Wyeth-Ayerst Labs.; May 1994; Principal Investigator), \$144,888.
64. Determination of Extensive or Poor Metabolism Status through Phenotyping with Dextromethorphan and Mephenytoin; Wyeth-Ayerst Clinical Pharmacology Laboratory; September 1994; (Principal Investigator) \$16,807.
65. Mechanism of Chloroquine Induced Retinopathy; Pfizer Inc.; February 1999-April 2001; (Principal Investigator, 5% Effort), \$120,130 (Total); \$82,000 (direct).
66. NFkB Decoy DNA: Formulation and Liver Targeting; UKMC; July 2000-June 2001; (Principal Investigator, 5% Effort). \$15,000.
67. Research Training in Environmental Toxicology; NIHEH (T32-ES07266-02); July 2000-June 2005; (Co-investigator, 5% effort), \$704,392.
68. Alcohol-Induced Hepatic P450 in HCV/HIV Oxidative Injury, NIH (R01-AA012852-02); October 2000-September 2004; Co-Investigator, 5% effort), \$982,590 (Total); \$700,000 (Direct).
69. Career Training in Therapeutics & Translational Research; NIH (K30-HL04163-02); October 2000-September 2005; (Co-Principal Investigator, 25% effort), \$1,000,000 (Direct).
70. Nanoplate Engineering of Cell-Specific Nanoparticle, NIH R21/R33 Phased Innovation Award (R21-EB00531-01); July 2002-June 2004; (Co-Investigator, 5% Effort), \$300,864 (Total); R21/R33 Project Period, July 2002-June 2007; Co-investigator, 5%), \$1,919,393 (Total).

Foundation Grants:

1. Altered Estrogen Metabolism in Obesity: A Link to Cancer, The Weight Watchers Foundation, Inc., March 1985; (Co-investigator), \$10,541.
2. The Influence of Aging on the Stereoselective Disposition of Model Racemic Drugs; American Society of Hospital Pharmacists Research and Education Foundation; July 1986; (Principal investigator; Fellowship preceptor for Mary H. H. Chandler), \$18,000.
3. Influence of Rifampin on Age-Related Stereoselective Metabolism of Hexobarbital; UKMC; October 1987; (Principal investigator), \$6,178.

4. The Influence of Aging and Enzyme Induction with Rifampin on the Stereoselective Disposition of Hexobarbital; American Society of Hospital Pharmacists Research and Education Foundation; July 1988; (Principal investigator; Fellowship preceptor for Deborah A. Smith), \$18,000.
5. Terbutaline and the Effects of Age on Beta-2 Adrenoceptor Sensitivity; American Lung Association of Kentucky; March 1989; (Co-investigator), \$17,469.
6. The Effect of Endotoxin and Sepsis on Hepatic Drug Metabolism; American College of Clinical Pharmacy; July 1992; (Principal Investigator; Fellowship preceptor for Beth Israel); \$19,500.
7. The Effect of Head Trauma/Acute Phase Response on Brain and Liver Cytochrome P450 Enzymes (BB-9502-K3); February 1996-December 1999; (Principal Investigator); Kentucky Spinal Cord and Head Injury Research Board; \$231,897.
8. CYP2E1 Activity and Transcription Binding in Humans; American College of Clinical Pharmacy; July 1999-Dec 2000; (Principal Investigator, 10%), \$10,000 (Direct).

Government Grants:

1. Age and Cardiovascular Drug Stereoselective Disposition; NIA (R01 AG07478); July 1988-June 1991; (Co-investigator, 10% effort), \$420,612.
2. Enzyme Induction Defect: Implications for Toxicity; NIH (R01 GM42058); January 1990-December 1992; (Principal investigator, 25% effort); Total Award for Year 1 \$157,395.
3. Effects of Cytokines on Hepatic Drug Metabolism; VA Program Project Grant; October 1989-September 1992; (Co-investigator, 5% effort), \$237,400.
4. Research Training in Environmental Toxicology; NIHEH (ES07266); July 1990-June 1995; (Co-investigator, 5% effort), \$978,112.
5. Xenobiotic Transfer into Milk-Diffusional Model; NIH; December 1991-November 1995; (Co-investigator, 5% effort), Total Award for Year 1 \$184,745.
6. Effects of Cytokine on Hepatic Drug Metabolism; VA Program Project Grant; October 1992-September 1994; (Co-investigator, 5%), \$269,700.
7. Effects of Cytokines on Hepatic Drug Metabolism; VA Program Project Grant; October 1996-September 2000; (Co-investigator, 5% effort), \$304,400.
8. Mechanisms of Brain Injury and its Systemic Sequelae; NIH Program Project Grant 5PO1-NS31220; April 1994-March 1999; (Co-Investigator, 10%), \$3,750,000 (Total Project); Approx. \$110,000/yr (Altered Hepatic Metabolism following Head Injury).
9. Research Training in Environmental Toxicology; NIHEH (T32-ES07266); July 1995-June 2000; (Co-investigator, 5% effort), \$704,392.
10. North Carolina Translational & Clinical Sciences Institute (NCTRACS): NIH (1UL1TR001111-01); October 2013-September 2018; (Co-investigator, 5% effort; PI - Dr. Marschall Runge), \$5,650,505.

Subject: Robert A. Blouin's Letter of Interest for the position of President, Florida State University

Dear Mr. Gates:

Thank you for this opportunity. It is with great pleasure that I submit for your consideration my credentials for the position of President of Florida State University. These are extraordinary times for higher education and society itself. The global pandemic has affected every aspect of our lives and the impact on our universities will be felt for years to come. The challenge of dealing with the health ramifications of the pandemic is further magnified by political unrest, growing racial tensions and economic pressures facing our nation, our communities and our institutions. I would like to take this opportunity to share my thoughts on higher education leadership as well as provide you with a summary of my strengths, accomplishments and experiences. I believe that I possess the strategic vision and leadership capabilities necessary to lead Florida State University during this unique period in higher education and into the future.

I currently serve as Executive Vice Chancellor and Provost at the University of North Carolina at Chapel Hill. I report to the chancellor as chief academic officer and chief operating officer of the University. Prior to assuming my current position, which I have held for nearly four years, I was the Dean of the UNC Eshelman School of Pharmacy and Executive Director of the Eshelman Institute for Innovation. Under my leadership, the Eshelman School became an internationally recognized leader in pharmacy practice, education and research, ranked No. 1 in the nation by U.S. News & World Report. I also oversaw an increase by school faculty in growing the school's research portfolio from \$2 million in 2002 to \$36 million in 2016, ranking second among the nation's pharmacy schools. Before coming to Carolina, I was a tenured faculty member and the Associate Dean for Research and Graduation Education and Director of Economic Development at the University of Kentucky.

As Executive Vice Chancellor and Provost and Chief Academic Officer, I oversee all fourteen of the University's schools and colleges and the university libraries as well as the offices of the Vice Chancellor for Human Resources and Equal Opportunity and Compliance, Vice Chancellor for Information Technology and Chief Information Officer, Vice Chancellor for Innovation, Entrepreneurship and Economic Development, Vice Chancellor for Student Affairs, and Vice Chancellor for Research. In addition, I oversee programs within the Office of the Executive Vice Chancellor and Provost including the Office for Institutional Research and Assessment, Office for Interprofessional Education and Practice, Office for Operational Excellence, Office for Academic and Community Engagement, Office for Enrollment and Undergraduate Admissions, Office for Digital and Lifelong Learning, Office for UNC Global Affairs, Office of Diversity and Inclusion, Office for Academic Support for Student Athletes, the Academic Personnel Office and the Academic Finance Office.

It has been my honor, first as a dean and then as provost, to contribute to the University's continued success. I work closely with our chancellor to lead critically important pan-university initiatives and ensure successful delivery of our campus operations. The University of North Carolina at Chapel Hill has a \$3.6B budget, \$3.5B endowment, and \$1.2B in research expenditures and is currently ranked fifth nationally in federal grants and contracts awarded. Carolina enjoys outstanding national rankings, including several high-ranking schools and programs, including US News & World Report first in School of Medicine primary care programs, first in Schools of Pharmacy, second in Schools of Public Health and fifth best public university. UNC-Chapel Hill is ranked 9th best public university in Forbes' "America's Top Colleges rankings" and first among 100 public universities that offer students high-quality academics at an affordable price in Kiplinger's Personal Finance Magazine.

We also have seen our fair share of challenges, including academic, athletic and Title IX scandals, the controversial removal of the confederate monument Silent Sam from our campus, the UNC System Office's \$2.5M payment to the Sons of the Veterans of the Confederacy and the outrage it triggered from our community, the amplification of race related tensions in the aftermath of the George Floyd murder, and living and working in the COVID-19 pandemic and managing the financial consequences it has caused our university, students, and their families.

Despite these challenges, we have stayed focused on our mission and I am proud of the work that we have accomplished, including:

- Development and implementation of the University's first strategic plan: *Carolina Next: Innovation for Public Good*
- Re-imagining the Office of the Vice Provost for Equity and Inclusion and Chief Diversity Officer
- Re-engineering UNC Global
- Creation and implementation of the Office for Operational Excellence
- Creation and implementation of the Office of Digital and Lifelong Learning
- Re-evaluation of Summer School and its role in supporting student progress
- Engagement and development of a number of strategic public partnerships, including Deerfield, 2U, READDI, and Grubb Properties
- Planning for a new college of data science
- Leading critical campus initiatives including Whole Community Health, Executive Committee on Student Athlete Academics and Educational Benefits of Diversity
- Creation and development of the campus COVID-19 Roadmap Implementation Plan

During my tenure as Dean, the UNC Eshelman School of Pharmacy experienced unprecedented growth in its research and education programs, placing it among the top academic pharmacy programs in the world. During this period, the School was ranked:

- #1 by US News & World Report rankings of US Pharmacy Schools
- #1 by TFE Times rankings of US Pharmacy Schools
- #2 by US News & World Report rankings of Global Universities under the subject area of Pharmacology and Toxicology
- #10 by QS World University Rankings under the subject area of Pharmacy and Pharmacology programs

Under my leadership, the School saw a significant increase in professional student growth, tenured faculty positions, graduate student population, endowment, and federal research funding, predominantly from NIH. This research growth enabled the School to assume the leading position at the University of North Carolina at Chapel Hill in intellectual property disclosures and the

creation of faculty spin-off companies. The School quadrupled its research-intensive space with the partial renovation of a 75,000 square foot facility, the construction of a new \$140M (self-liquidating) research facility in partnership with the UNC School of Medicine, and construction of a \$243M (state supported) research building in collaboration with the UNC School of Medicine. Consequently, the School expanded its footprint during that time period from 75,000 to 300,000 GSF.

The Eshelman School launched several new program and education initiatives during this period that received considerable local, regional, national, and international attention. Committed to our mission to serve the public, we opened a branch campus at the University of North Carolina Asheville, a baccalaureate school in the UNC System that serves the needs of western North Carolina. Utilizing state of the art synchronous and asynchronous technologies and partnering with UNC-CH, UNC Asheville, Mountain Area Health Education Center, Mission Hospital (now HCA), and the city of Asheville and Buncombe County local governments, this innovative pharmacy program led to numerous advances in the scholarship of teaching and learning. The continuous evolution of pedagogical strategies and tools to support our programs were enriched in part by two \$1M private gifts that led to the Eshelman School's Educational Renaissance program. This major new initiative transformed our professional, PharmD curriculum. It has received critical acclaim throughout the pharmacy academic community and has been viewed as an exemplary education model on the UNC-CH campus and beyond.

During my time as dean, I honed my ability to envision big, bold ideas and communicate a clear strategy to prospective donors, legislators, and other supporters in order to achieve that vision. In addition to the expansive renovations and creation of new buildings that I oversaw, three new major research centers were established under my leadership, as well. I am quite proud of the fundraising and development efforts that led to the successful creation of these School based centers, which were designed to be highly interdisciplinary and collaborative and transcended department, school and institution affiliations. First, the Center for Integrative Chemical Biology and Drug Discovery was developed with extensive collaborations with the UNC Lineberger Comprehensive Cancer Center, the Department of Pharmacology, the Center for Genetics, and the Department of Chemistry. This academic drug discovery center has been extraordinarily successful in supporting the development of a drug discovery pipeline within the University. Second, the Center for Nanotechnology in Drug Delivery was formed as part of an interdisciplinary campus efforts including collaborations with the UNC Lineberger Comprehensive Cancer Center and the Department of Chemistry. Finally, the creation of the Center for Pharmacogenomics and Individualized Therapy introduced the campus to the importance of genetic variation in the treatment of patients. These research centers were the beneficiary of a major gift to the School (\$9M) from a private donor with a \$9M match from the University Cancer Research Fund. This \$18M resource was used to accelerate the national and international competitiveness and reputations of these programs.

One of the most impactful projects that I led during my time as dean was the creation of a strategic global alliance with elite programs from the University College of London, London England and Monash University, Melbourne, Australia. This partnership, coined PharmAlliance, recently celebrated its five-year anniversary and has been hailed as a global partnership model for the University of North Carolina at Chapel Hill and the pharmacy academy. This unique partnership enabled our respective schools to share best practices in education, research, and patient care as well as leverage the unique research strengths of each program in order to enhance the collective competitiveness of the consortium.

One of the highlights of my time as dean was the conceptualization and implementation of the Eshelman Institute for Innovation. The Institute was established to accelerate the creation and development of risky ideas leading to discoveries and high impact changes in education, research and health care. On December 3, 2014, the University of North Carolina at Chapel Hill announced a **\$100 million** commitment from Dr. Fred Eshelman, the largest gift from an individual in the history of the University, to create the Eshelman Institute for Innovation.

Prior to my arrival at the University of North Carolina, I developed my teaching, research, and administrative skills as a faculty member and administrator at the University of Kentucky. This experience prepared me well for the opportunities and challenges that I faced as a leader at the University of North Carolina at Chapel Hill.

Throughout my career as a faculty member at the University of Kentucky, I was actively engaged in professional and graduate education, research and scholarship within the field of pharmacokinetics and drug metabolism and led a national discussion on the issues of clinical and translational training, particularly at the graduate level. As the recipient of eight student teaching awards, a mentor of fifteen PhD graduate students, author or co-author of over 120 publications and book chapters, and presenter or invited speaker at nearly 200 professional or scientific meetings, I believe that I have an excellent appreciation of the challenges and opportunities facing today's faculty and students. In addition, my research program was consistently funded throughout my academic career from federal, state, industry, and foundation grants and contracts. Following my departure from the University of Kentucky, the University of Kentucky College of Pharmacy bestowed upon me the honor of naming an annual teaching award on my behalf entitled, "The Robert A. Blouin Excellence in Pharmaceutical Graduate Education Award." This award is given annually to a UK Department of Pharmaceutical Sciences faculty member who demonstrates excellence in the classroom.

While at the University of Kentucky, I served as Associate Dean for Research and Graduate Education and Executive Director of the Office for Economic Development and Innovations Management. This position reported directly to the Dean of the College of Pharmacy and served as the primary College interface with the Vice President for Research (University of Kentucky) and Associate Vice President for Research and Graduate Studies (A.B. Chandler Medical Center). During this period, the College made significant progress in securing competitive research funding, nearly tripling its grant and contract portfolio from federal and industrial sponsors. The College was the first in the country to launch a graduate program in the clinical pharmaceutical sciences. In addition, the College emerged as a campus leader in the creation of intellectual property and company spin-offs. The Office of the New Economy (direct report to the Governor of the Commonwealth of Kentucky) worked very closely with the College and supported the development and construction of the Center for Pharmaceutical Science and Technology. This facility became a cornerstone in the University of Kentucky's Coldstream Research Campus.

During my various administrative experiences, I have had numerous opportunities to work closely with state and federal political delegations and various constituency groups including the UNC Board of Governors, UNC Board of Trustees, UNC Board of Visitors, UNC Eshelman School of Pharmacy Board of Visitors, alumni, donors, faculty and staff, as well as students. These collaborations include advocacy for science programs, physical facilities, educational innovations, as well as health care reform. The outcomes have included the support of an academic drug discovery center, construction of the new Image Research Building, creation of the University Cancer Research Fund, and a House Bill amendment to support Medication Therapy Management within the original Affordable Care Act. I count among my greatest accomplishments my ability to

bridge pan campus and multi campus initiatives and a communication style that has been effective and impactful in garnering strong support for strategic vision and priorities.

In summary, throughout my career as a faculty member, administrator and leader in higher education, it's my profound belief that alumni owe much of their personal and professional success in life to the time they spent at their University. This translates into incredible loyalty to the institution they love and support; intellectually, politically, emotionally and financially. Florida State University faculty, staff, students, families and alumni hold the keys to the successful achievement of our institutional goals. As a great public institution, Florida State University possess a critical mass of great colleges, schools and departments, world class scholars, teachers and researchers, and passionate, eager students. I believe that the role of the university and its President is to create an environment for every member of the university community to be successful. My role as leader is to communicate support the collective vision and mission of our university and the people of the state that we serve. Bringing the expectation and commitment to excellence down to each and every faculty, staff, and student within an academic unit enables one to see how they (individually) can create or be part of creating and sustaining something special.

Florida State University has made incredible progress over the past seven years under the leadership of President John Thrasher. I would build upon that tremendous success and the momentum created during this period and further elevate the education, research, and economic impact opportunities of your great university. During these challenging times, it is more important than ever for universities to lead into the future – where education is accessible and valued; where health care is affordable and of the highest quality; and where discovery and research lead to new jobs and economic opportunities. My collective leadership experiences and accomplishments have prepared me well for the opportunities and challenges associated with this auspicious position and it would be the honor of my lifetime to serve as Florida State's next president. If we plan carefully and think strategically, we can exploit challenges to our great advantage - as it is during these times that we make our greatest advances.

I hope to share with you my vision for Florida State University as well as my strategy for further elevating its regional and national reputation. As President, I believe that I would lead this great university to unprecedented success and address the many critical issues facing the citizens of the state of Florida and beyond. Thank you again for the opportunity, I look forward to hearing from you soon.

Sincerely,

Robert A. Blouin, PharmD
Executive Vice Chancellor and Provost
Bryson Distinguished Professor
